OVERVIEW & MISSION

Never fumble in the dark again. **Night Mark 3D** brings safety, style, and absolute peace of mind to residential and commercial spaces with our premium, high-visibility glow-in-the-dark 3D-printed products. Engineered to absorb ambient light and glow brightly through the night, our collection ensures effortless navigation when the lights go out.

OUR PRODUCT LINEUP & RETAIL DISPLAYS

Designed for easy installation and everyday convenience, explore our complete selection of luminous home safety upgrades and retail display options:

Category	Description	Retail Display / Item
Address Numbers	High-visibility glowing numerals (0–9 sets available in sizes 1, 2, 3, 4, 5, 6, and 8 inch) ensuring emergency responders and visitors easily locate your home at night.	
Glow Letters	Complete A–Z 5-inch luminous letter sets for custom signage, house names, and directional markers.	
Electrical Plate Covers	Seamless full-replacement wallplates providing a clean daytime look and a soft luminous guidance beacon at night.	
Plate Surrounds	Snap-around frames that instantly upgrade your existing standard switches and outlets with a glowing halo effect.	
Key Hole Surrounds	Precision-fit rings that take the frustration out of late-night arrivals, making door locks instantly visible in pitch darkness.
